

Thank you Sayers

As the first president of Voice of the Arctic Iñupiat, Sayers Tuzroyluk Sr. has been instrumental in the growth and success of the organization since 2015. His dedication to uniting the people and communities of the North Slope has helped bring our region together and speak as one on important Arctic issues.

On behalf of VOICE, its board of directors and each of our twenty-four members, thank you for your devotion and leadership. We wish you well in your retirement.

Our Voice. Our Vision.
